

LANDLORDS &
PROPERTY OWNERS

WELCOME TO **MOTIONICON UK & EUROPE**

Over the past five years, being part of a Global franchise, **MotionIcon UK & Europe** have benefited and assisted in the growth and development of our unique, patented product, and achieved an excellent relationship with our customers and suppliers.

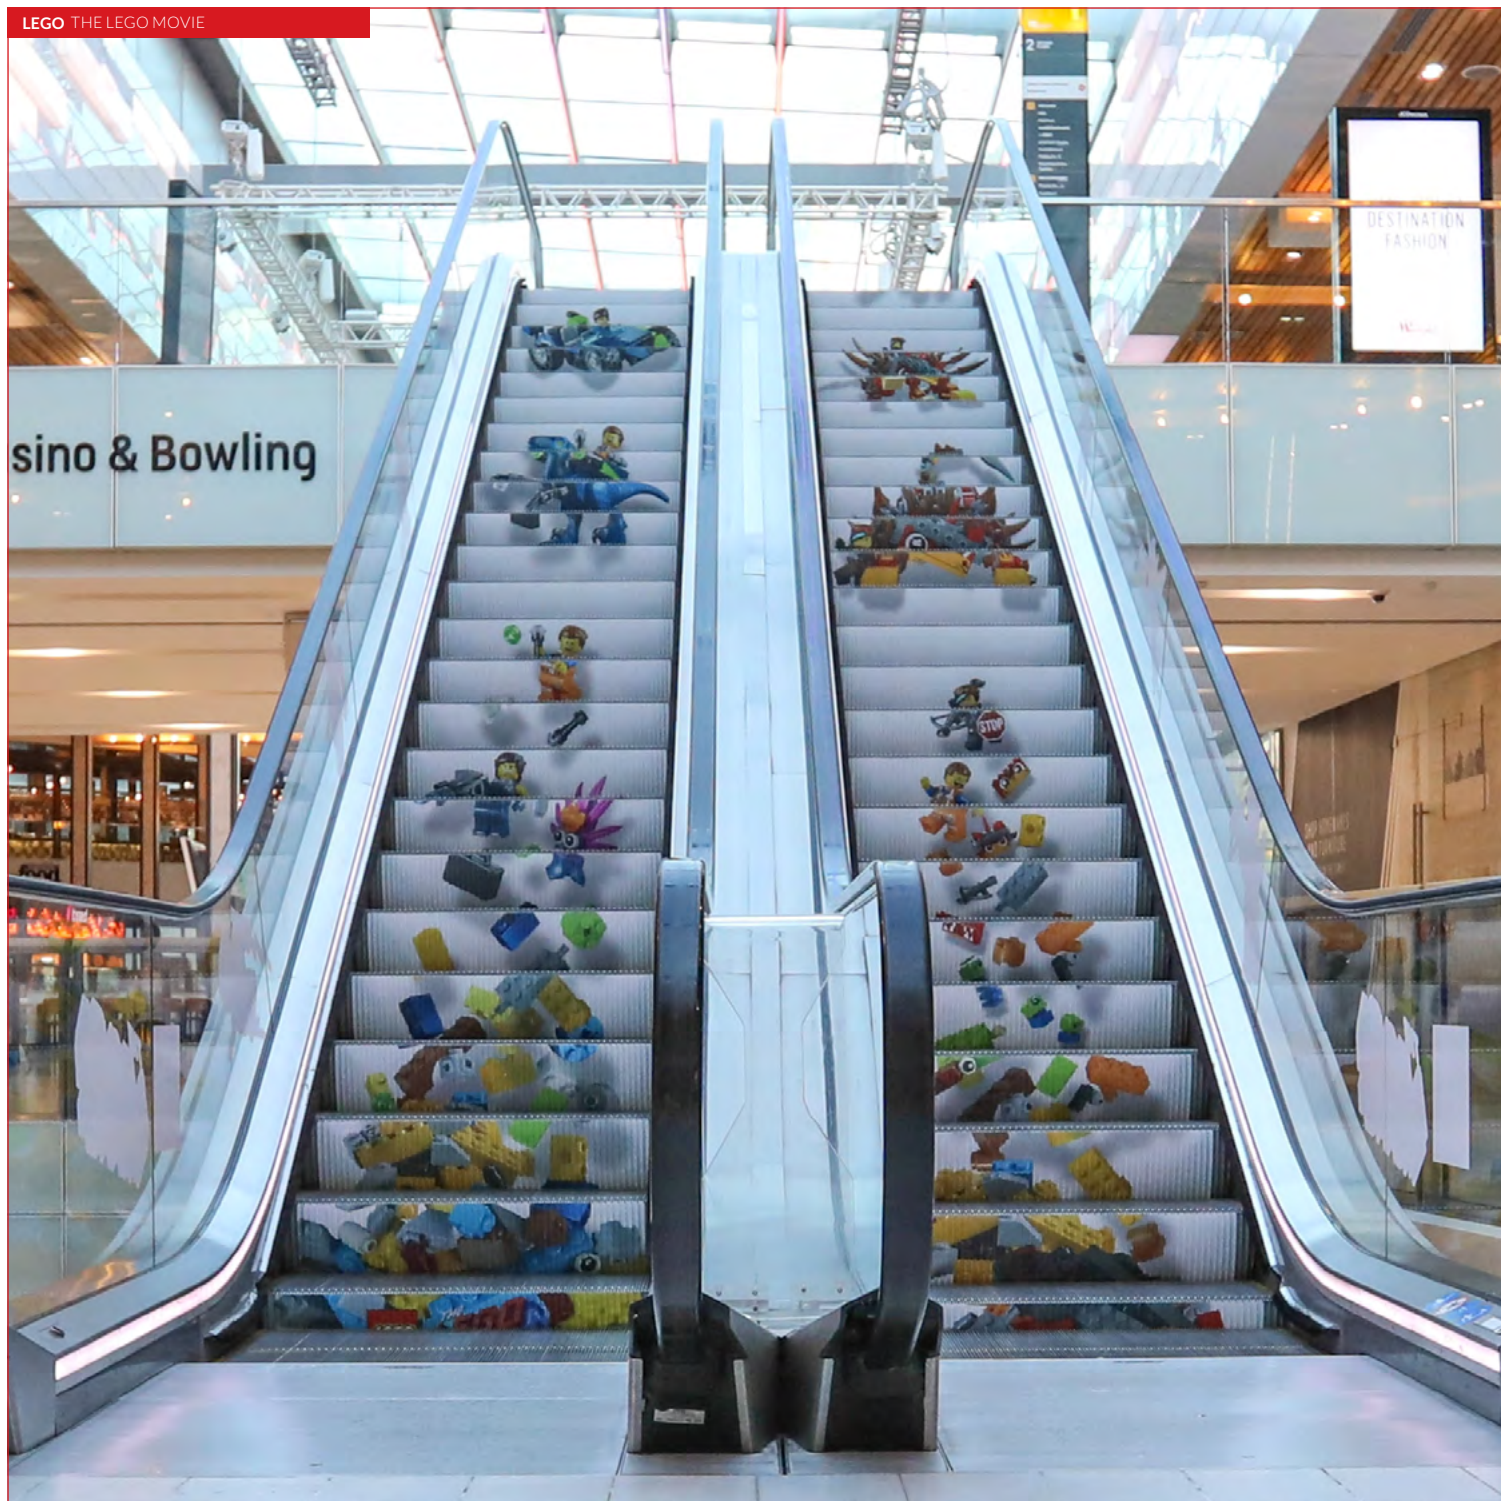

Landlords and escalator owners, now have the ability to “**Speak**” to their commuters directly, like never before. From safety awareness messaging, directional flow messaging, to full-blown branding and advertising messages, just inches in front of passengers, for the full journey of travel, consumers can now benefit from direct and targeted campaigns.

MotionIcon UK & Europe have developed an extensive platform available to landlords and escalator owners across the UK and Europe, including Shopping Malls with monthly views exceeding 70 million, Rail Stations with monthly views exceeding 160 million, and many other options offering a direct spend mindset to consumers for prolonged periods, 24/7.

MotionIcon UK & Europe's attention to detail, and working safely and securely with our customers, has helped us grow from strength to strength.

This brochure will give you a little peek at some of our successes and will highlight our specific scopes of work.

IMPROVE SAFETY & ACCOUNTABILITY

MotionIcon UK & Europe's qualifying survey is undertaken by our trained team and this inspection ensures that the following elements are checked and compliant:

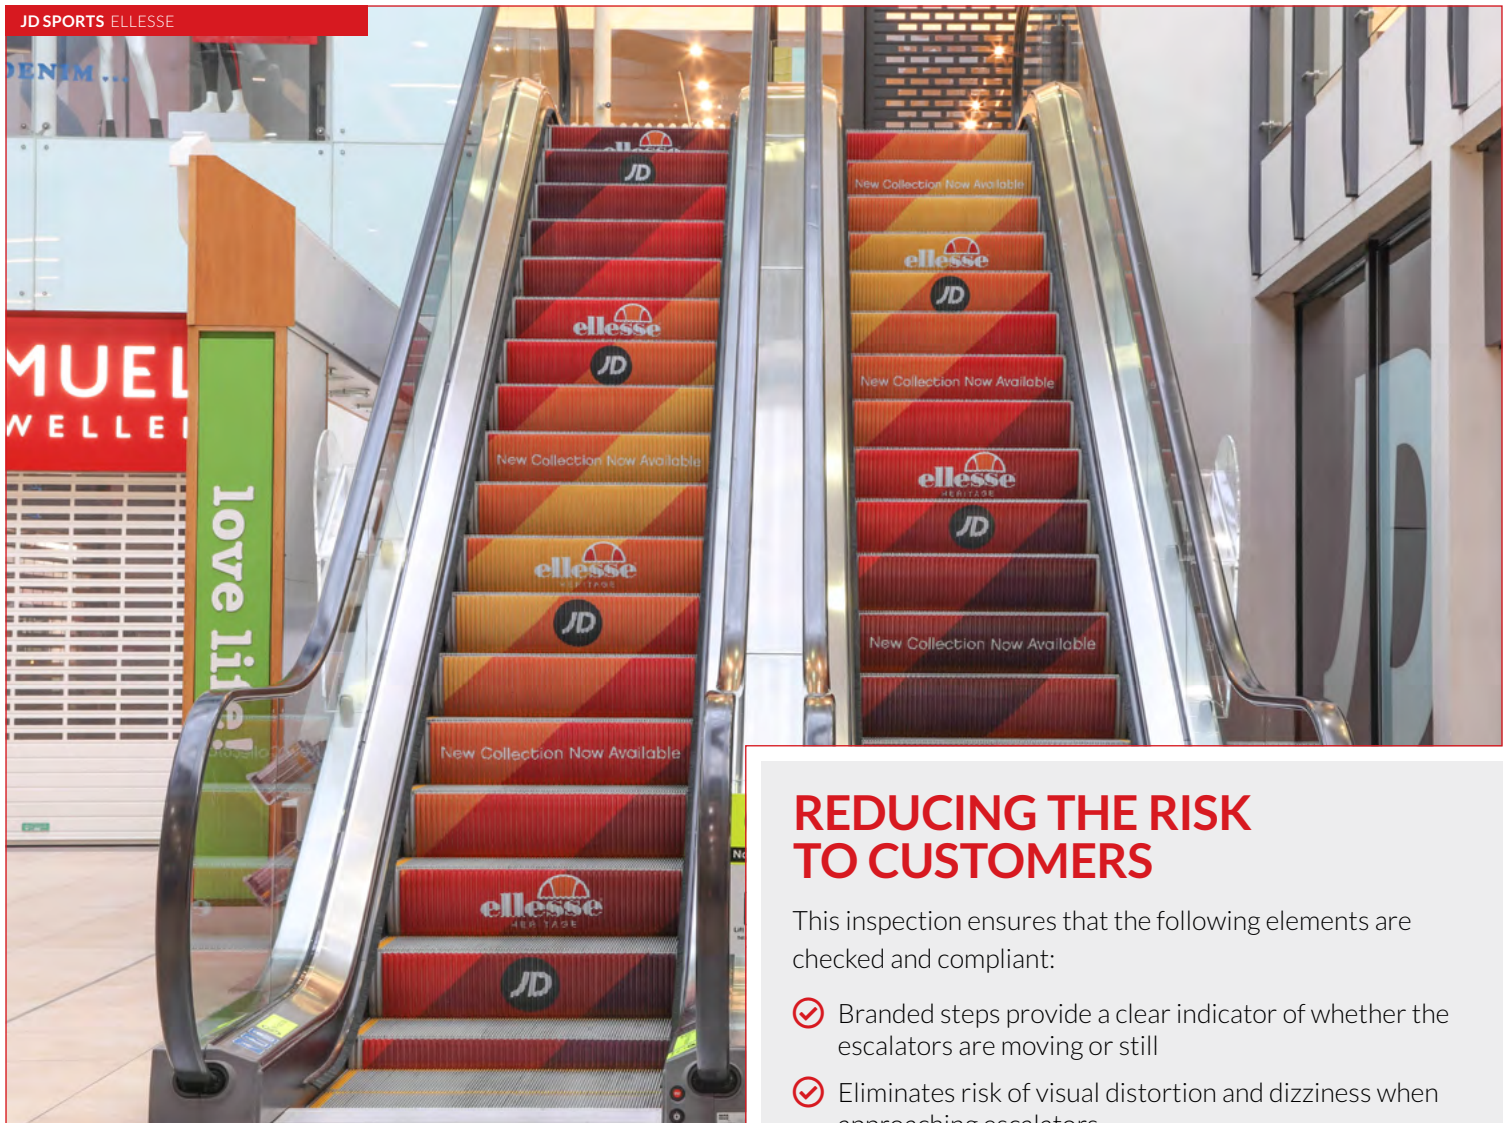

- ✓ Is the escalator **running effective**
- ✓ Is the **lubricating system functioning** correctly
- ✓ Is the clearance between each **step compliant**
- ✓ Is the clearance between each step and the **side skirt panels compliant**
- ✓ Are the steps **guiding properly** into the top and bottom landings
- ✓ Are there any **broken comb plates** on the top and bottom landings
- ✓ Are the step rollers in good condition
- ✓ Does the emergency stop button and key function correctly
- ✓ Is there a technical support number visible

The qualifying survey ensures that the escalators are operating smoothly with minimal lateral movement, that there are no oil residue on the steps and that there are no dangerous gaps, broken teeth, or dented risers.

*The qualifying survey issued to landlords as added value service but does not replace the contractor's agreement with the landlord.

REDUCING THE RISK TO CUSTOMERS

This inspection ensures that the following elements are checked and compliant:

- ✓ Branded steps provide a clear indicator of whether the escalators are moving or still
- ✓ Eliminates risk of visual distortion and dizziness when approaching escalators
- ✓ Motion Icon will only install panels if the 8-point survey is passed which equals less incidence/safer centre
- ✓ Panels provide extra closure on gaps between the steps
